

Welcome to our 2021-2022 Season!

**Our Recreational Classes are Continuous AND
Monthly Tuition is Pro-Rated!**

How Does Continuous Registration Work?

It's super easy! Just register for your first month of class, and we'll take it from there! Payments will automatically be processed on the 1st - 3rd business days of each month with the credit card you have on file until you tell us you want to withdraw.

Want to withdraw? No problem! Just email explosionlloyd@gmail.com **by the 20th**, and you won't be charged for the following month.

Your child can join at any time (providing there is room).

How Does Pro-rating Work?

Monthly tuition is based on 4 weeks per month. If there are less than 4 weeks, your tuition will be less. If there are more than 4 weeks, your tuition will be more.

Classes run from the beginning of September until the end of June. [Please see 2021-2022 Recreational Classes Calendar for gym closures, etc.](#)

We strongly recommend attending 2 classes per week for maximum skill progression. There is a 20% discount on the less expensive monthly tuition for the one-hour classes only. The 1.5 and 2-hr classes are already discounted.

Membership Fee

\$45 per athlete - valid for one year.

The Membership Fee is required to enrol in monthly instructional classes. [It will come due again on the yearly anniversary month of your original enrolment.](#)

Achievement Programs

Children love our Achievement Programs! Parents will see how our programs not only teach skills and valuable goal-setting skills, but they also increase self-worth and self-esteem. We love to celebrate and give the athletes a chance for their improvements and hard work to be recognized!

Please see the [Recreational Calendar](#) to mark your calendar for Theme Weeks & Award Weeks!
